Many of these are then presented to Principal W. P. von Levern, who attempts to find a solution.

Field Trips Build Knowledge

One very important part of our education and school life today is the field trips that are taken by students in social studies classes or school organizations. The students study the problems of a farmer and learn methods of overcoming them. They study types of soil, different grains, merits of certain types of livestock and poultry. Recently a new greenhouse was constructed adjacent to the classroom to supplement this course. Mr. Luke has charge of agriculture, farm shop, and also the Future Farmers of America Club.

Our librarians, Miss Owens, Miss Bjeldanes, and Mrs. Anderson look up from their work in the library.

In the above picture is a group of students at study in the library.

Library

The library is the heart of most of the school functions. The Roosevelt High library has the largest volume and circulation of all the high schools of the northwest. Besides its regular functions, the library is the place where many social affairs and friendly gatherings occur.

Many of the social studies and English classes have library periods in which the students look up information on a special topic. Oftentimes, students are required to write research themes and make use of any of the several divisions of the library, among which are the senior room, the browsing room, and the English stacks.

The library assistants aid the librarians with the many tasks necessary for the smooth running of the library. **Sitting:** Presby, Edin, Patterson, Sorensen, Withrow, S. In the picture at the right is the lunchroom after a few of the walls had been taken out. This enlargement provides us with more room and a more comfortable place in which to eat. Many of the students who had to eat their lunch while standing are now able to find places to sit.

This is the kitchen staff which turns out the delicious food in our lunchroom. They are: Lundquist, Peterson, Johnson, Gilman, Wicklen, Mickelson. Mrs. Georgia Thomas is the lunchroom director.

Student Council

Roosevelt has one of the best organized Student Councils of the city. Mr. Strandjord deserves much of the credit for this. The members are all leaders who were elected from their home rooms.

Duties of the council vary. The everyday chore of seeing that our lunchroom is kept clean and neat is taken care of by responsible boys. There also was the traditional Homecoming—a whole day's activities. Winter Carnival meant another day of fun and frolic due to the Council's hard work. Later on the Spring Dance was also sponsored by this active group. At the Girl's Invitational Dance the girls were given a chance to court the boys. In addition to social activities, they see the school is run effectively.

Board of Governors

Our system for running study halls is unique. Even though some halls may have up to one hundred and twenty-five energetic teen-agers, they are all entirely student governed. The chairman, a boy, is in charge. He may have several assistants to help preserve quiet. The secretary takes attendance and checks passes. It is these students who form the Board of Governors.

This method works very well. The chairman realizes his job and takes it seriously. For the most part pupils respond to his authority, but any offenders are given a conduct slip and taken to the Ethics Committee. It relieves our teachers of a terrific responsibility and gives us an independence which is not abused.

The Board of Governors meets to work out their problems together. The chairman of a hall may bring his difficulty before the group for help. Other chairmen will show how they have coped with a similar situation.

Mr. Strandjord is the adviser. He has a natural instinct for guiding rather than domineering.

Civil Defense

Preparation for Civil Defense is an important part of our education today. The schools have worked out special plans in case of emergency. Here at Roosevelt our parents were educated at a P.T.A. meeting, and the students were given special instruction.

Nerheim, Moe, Kalb, and LeVoir try out Civil Defense instructions.

Standard

Remember the controversy about homework at Roosevelt? It was the Standard which presented both sides. Always our newspaper has reflected the life of the whole school.

It takes money to print a picture for the paper. This enterprising group has the school saving Rap-in-Wax Coupons to raise that money. They also sponsored the Football Dance.

Sagamore

Here is your 1952 Sagamore. We want you to like it. It is your book and your story.

It is Milling that has made our city great. From the wealth of this greatness we gained a school with an abundance of opportunities.

We come to Roosevelt as seedlings. Under the favorable conditions our lives begin to grow and take shape. Sometimes it doesn't seem the right way. Sometimes it seems so long, but at the end we emerge a perfect product.

Your Sagamore Staff worked hard, but it meant fun too. In the fall we attended a NSPA Convention in Duluth. We met yearbook staffs from all over the state and exchanged ideas. Before Christmas Santa and Rudolph gave us a party and presents. One time after we had taken your pictures for two days straight we relaxed and had a pot-luck luncheon just by ourselves. Mr. Wagner always threatened us with his mallet and a gun (which has been taken), but he was always there to help us. We all loved Fourth Period Sagamore. We know this year's juniors will too.

Latin Club

Societas Latinus. This club offers opportunities for the students who want to broaden their classroom knowledge of Latin. They find out more about the Ides of March, Julius Caesar, and related subjects.

Mrs. Gerard organized the club in 1943 and has worked with it since that time. The club pin symbolizes Knowledge, the torch of life. Each year a trophy is awarded on the basis of scholarship and active membership in the club.

The varied activities provide a chance for every member to be an active participant. The pennants we wave so madly at football games are all sold by the Latin Club members. Money from the sales helps to send a CARE package to an Italian family each year. The entire school is invited to a square dance presented each year by the Latin and German Clubs. A whole night of square dancing has proved to be very successful. The final event of the year is the banquet in honor of graduating members.

Swedish Club

In 1929 Mrs. Stark formed the Swedish Club to encourage students to study the language and develop their knowledge and interest in Swedish culture. Their age-old rivals, the Norse Club, will swear this is just a front and privately the Swedes train for basketball.

In addition to their yearly basketball game with the Norse Club, the Swedes all work hard to help produce an annual Scandinavian Spring Festival. Every single member participates in this program somehow. If he cannot sing or take part in a skit, he will serve as an usher. Mr. Benson gleefully helps his equally gleeful club plan a riotous initiation for all the new members. Meetings can always be counted on to be interesting and entertaining.

This year the members got a first hand account of Donna Evers' trip to Sweden. Donna is a member of the club. She was elected the "Lucia" of the United States and traveled to Sweden for the world contest.

The Swedish Club prides itself on running on a very democratic basis. This year no officers have been elected. The meetings are held informally, and everyone is given a chance to voice his opinion.

Norse Club

OFFICERS

President	Sherman Baklund
Vice President	Carl Nerison
Secretary	Beverly Crabb
Treasurer	Dick Vevle
Sergeant at Arms	Bob Tschida

The Norse Club was organized in 1926. Under the direction of Mr. Eggan it is still a top Roosevelt club.

Of course every fall means a drastic initiation for the new members. The annual Christmas party is a tradition by now. The Norwegians and Swedes battle fiercely in their annual basketball game. Every Norseman, however, knows his club is better than the Swedes no matter what the result of the game. In the spring the club takes part in the Scandinavian Spring Festival. Also they give a banquet for the seniors each year.

The Norwegian coat of arms is a golden lion holding an ax between his paws. This is put on a maroon background.

German Club

Miss Steinhauser and her cabinet have piloted the German Club successfully through another year. Known for clever initiations the club outdid itself this year. The initiates, in costume, frolicked through the antics of the "Pied Piper of Hamline." Speakers, talent, and debates were featured at the monthly meetings.

Annually a banquet is given in honor of the seniors. The Christmas party in the library is always lots of fun. Besides this the members find time to plan picnics, have a square dance, and send CARE packages.

Hi-Y

The Roosevelt Hi-Y is one of the most active clubs at school. These are boys who strive for clean living, speech, sportsmanship, and scholarship. They are divided into chapters which meet separately three times a month. The fourth meeting is of combined units.

Every year they sell Christmas trees for the Y. Anytime a worthy cause needs solicitors, the Hi-Y boys eagerly help. The boys work with Silver and Blue Tri to present a beautiful Easter service at Our Redeemer's Lutheran Church. Also the boys have lots of parties.

Silver Tri

Silver Tri is one of the most active clubs in school. The theme for this year was "A Better You". Programs carried it out in terms of appearance, relationship with others, and various ideas. This fits in with the symbol of Silver Tri which is an inverted triangle. The three sides stand for body, mind, and soul. The whole triangle is a girl's life. If one side is out of balance, a perfect triangle will not be formed.

Because Silver Tri had over three hundred members, it was too bulky. Therefore the club is now broken into units of about thirty girls. A junior girl leads each unit. The leader is a cabinet member. Alternating weeks the cabinet meets to plan the general meetings and the unit meetings. This replaces the commitee system.

The club for sophomore and junior girls is Silver Tri. It is affiliated with the Y.W.C.A. and is known as a Y-Teen group. A Y worker assists the advisers, Miss Haberman and Miss Kramer. In Minneapolis an Inter-Club Council was formed. The Y-Teen president and an I.C.C. representative from each school are members.

Cabinet members plan ahead.

Working together offers excellent opportunities for making new friends and developing leadership ability. Just the Silver Tri girls attended their impressive Recognition Dinner. This acquainted the members with the purpose of the club. Leap Year gave the Silver and Blue Tri an excuse to sponsor a school dance. First, however, many of the girls attended special meetings on girl and boy relationships. For several years the club has had a Sock Hop.

Silver Tri serves others. This Christmas, although they were busy selling cards and wrappings, they found time to carol at Sheltering Arms Hospital. The carolers took some presents for the boys and girls. Abroad a German family is warmer and happier. Besides sponsoring the family's newly born child, the club gave clothing and food to the rest of the family. They also collected clothing for Korea.

Blue Tri

Any senior girl can be a member of Blue Tri. This year their mothers were invited to the Recognition Dinner. Everyone enjoyed meeting each other and becoming acquainted with Blue Tri work. Several willing girls had their hair restyled by Lou Dahl at one meeting. Christmas season found many of the girls at the Pillsbury House playing Santa Claus to fifty little girls. After two club meetings about boys and several Y.W.C.A. sessions, the girls tried their techniques at a Blue Tri dance and a school dance that they helped sponsor.

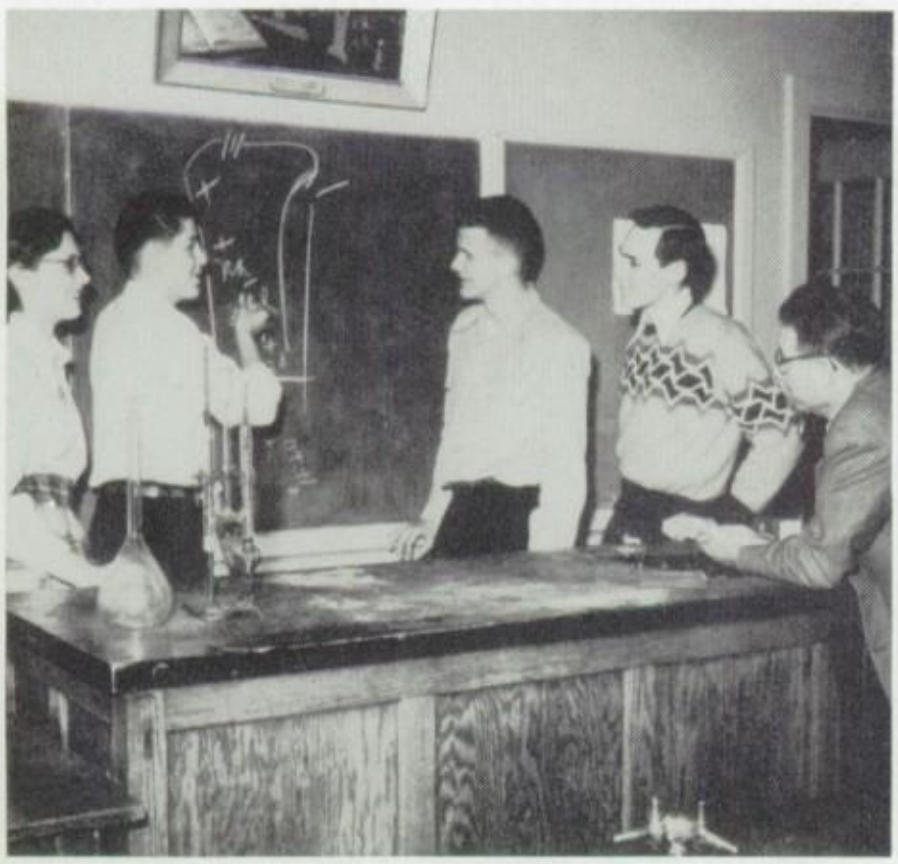
Science Club

Thirty years ago the Science Club was created for everyone interested in science. Since that time the members have been busy with demonstrations, speakers, and movies. They study up on subjects which interest them and never hesitate to tell the club of their discoveries.

Kauer, R. Nelson, R. Paulson, Kummer, and Mr. Halron discuss a chemistry problem



Any science student who would like to join the club is welcome. No one has to worry about it being over his head. The club was formed to help students learn more.

Every Wednesday of a meeting Mr. Halron will run to all of the science classes and announce the meeting that night. He then takes a poll to see how many will be coming. Those who aren't always need a good reason. With Sam advertising, a good turnout is always had.

This year the active club has been noted for debates between Sam Halron and Paul Brokaw. Also there have been meetings about ancient animals, electric eyes, musical sounds, and sponges. The famed Doctor Ulrich visited the club and lectured about sound.

Audio-Visual

In one period the visual boys may show two different movies, slides, and a filmstrip. The sound system for dances, auditoriums, and football games is operated by the audio team. Most of the boys can run equipment for either. Mr. Lobdell is the adviser.

Stage Crew

The stage crew is always busy. Each lunch the boys show movies. Every auditorium period we have means they must set the stage. The class play depends upon them to set stage, light it, and operate curtains. Mr. Brick has charge of the boys.

Senior Honor Society

Roosevelt's Senior Honor Society is a member of the national organization. The students who are elected to this club have kept a 2.3 average during their sophomore and junior years and have displayed outstanding character.

Every year the members sell Homecoming buttons. Later you will find them seriously tackling the tests for scholarships. This doesn't mean that all members are going to college. The commercial department always offers leaders too. This year members enjoyed a trip to the sugar refining factory in Chaska and several parties.

Hi C.F.

Making Christianity a living and practical thing is the purpose of Christian Fellowship. Students have the opportunity to discover and develop their talents by their service and participation in the activities.

Beside the weekly meetings, social activities are offered. Early every year a 10B Welcome Party is given. This year Christmas and Halloween parties were held. A Christmas project was presenting a program and gifts to patients at Gillette Hospital. A sleigh ride, a banquet, and a tea were other social events.

Choristers

Each second period strains of music drift into our classrooms. The Choristers are meeting in 313A. These are the students who are interested in music and can sing quite well. Sometimes they work up to Choir, but other times it just can't be scheduled.

The Choristers joined with all the other high school musical groups of the city to present the "Messiah" under the direction of Antal Dorati. Critics praised the entire presentation.

Also this spring they gave the yearly Spring Concert.

Mr. Anderson, the director, is loved by both the Choir and the Choristers. They fondly call him "Andy" or "C. Wesley". During his free sixth period he teaches the organ. He also plays the organ for some auditoriums.

Choir

The choir meets every day during fourth period; however, no school credit is given. New groups, such as quartettes and the chamber group, are being set up within the choir.

In addition to singing at our auditoriums, the choir presents programs for different organizations outside of school. This Christmas they united with all the high school choirs of the city to sing the "Messiah". In the spring they gave their annual concert.

ROOSEVELT HISTORY CLUB

"R" CLUB

The lettermen of Roosevelt are members of the "R" Club. Sam Halron and Toi Jambeck are the advisers. Mr. Halron is the former assistant football coach. Mr. Jambeck is the swimming coach and the present assistant football coach.

The boys do not meet regularly and do not elect officers. Every time that the gym is free, the "R" Club goes down to play volleyball or basketball. Any problems that arise within the club are discussed by the boys with Sam and Toi guiding the talk.

Each year a "Tag Day" is set aside. The athletic boys and the girl gym leaders sell specially designed tags to anyone who comes within three or four blocks of the school. Teachers, clerks, and students all wear at least one tag that day. The money from the sales helps to pay for athletic equipment that the school needs.

A really exciting annual event is the volleyball game between the men teachers and the boys. This contest is always a close, hard-fought battle. The victors? Well, that's usually the teachers, but there's always next year to plan for.

Blanchard gives pointers on serving to Sward, Levin, Nerheim, and Mosley

LAST MINUTE FLASH

The "R" Club has defeated the faculty in a three game volleyball series. The men teachers — Mr. Jambeck, Mr. Johnson, Mr. Courtney, Mr. Yngve, and Mr. Ness — managed to win one game. However, they were forced to obtain help from Miss Bjorklund, the girls' gym teacher.

When the "R" Club won, they snapped a faculty winning streak. This is the second victory in six years for the club.

PILOTS CLUB

At each school event that requires ushers, the Pilots Club is on the job. The club is kept busy with the senior class plays, the choir concerts, and all the senior events at graduation. Before each performance the members meet to plan their schedule so that an usher will not need to serve too frequently.

FUTURE HOMEMAKERS

The newest club at Roosevelt is the FHA. It was organized by the home economics classes to promote the importance of the home in relation to the city, the nation, and the world. With spirited meetings of movies and lectures, the club has proved to be a good idea. The girls have shown an active interest.

FUTURE FARMERS OF AMERICA

Roosevelt offers an excellent course in agriculture as a vocation. Mr. Luke is the teacher. He has also taken charge of the related club, Future Farmers of America, which is a chapter of the national organization. The motto of the club is a worthy one: "Learning to do, doing to learn, earning to live, living to serve." Beside educational aspects the club holds basketball games, an annual Parents' Social, movies, and outings. They participate in district, state, and national judging contests.

The outstanding graduating senior is presented with the DeKalb Agricultural Award. This award is given on the basis of scholarship, leadership, and ability displayed in a supervised farming program.

The club pin is especially interesting. It consists of five symbols: the owl, to signify wisdom and knowledge; the plow, to signify labor and tillage of the soil; the rising sun, to signify progress in cooperation of farmers; corn cross section, to indicate common interests; and the eagle, to show national scope.

If there are any boys who would like to join, they should enroll in Mr. Luke's agricultural class. Then they will be eligible to belong to the club.

Hobbs and Mueller make use of the new forge of the agriculture department.

The Sportsmen's Club is really a lively organization. At football games, dances, and sometimes after school, the members have made and sold popcorn. This year the group has gone horseback riding, had a sleighride, and has held a dance. The meetings are designed for those with an interest in sports and a desire for the conservation of natural resources.

Mr. Gowans mournfully holds a football while Mr. Jambeck and Mr. Yngve proudly exhibit their trophy.

Taking it just a little bit easy are Mr. Curran, Mr. Courtney, Mr. Blake, and Mr. Moore.

THE TEDDIE COACHING STAFF

One reason Roosevelt usually has good athletic teams is its good coaching staff. Gymnastic coach Ken Peterson has for many years won almost every available title. William Curran has coached good wrestling and "B" Squad football teams. Toi Jambeck has had many splendid swimming teams, and has helped head coach Al Gowans in football. Oscar Yngve has always had well-coached and high-standing cross country and track teams. C. Wayne Courtney's assistant in basketball is Ralph Blake, who also coaches "B" squad football. Stanley Johnson is his baseball assistant. We hope John Moore has much success as the new hockey coach. Marv Skaurud and A. W. Buckman coach tennis and golf, respectively, and Ben Eggan and H. A. Riemenschneider are the managers. All these coaches do splendid jobs, and we hope that they will continue their good work.

Displaying their respective equipment are Mr. Skaurud, Mr. Johnson, and Mr. Peterson.

Mr. Eggan carefully checks the financial report as Mr. Buckman and Mr. Riemenschneider look on.

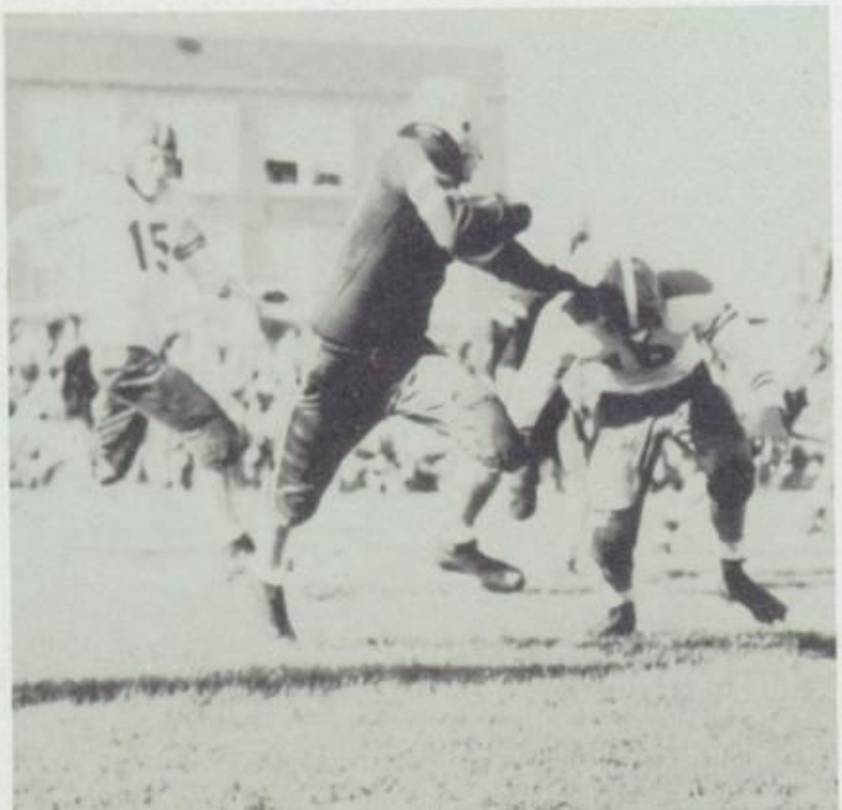
TOUGH LUCK SEASON FOR GRIDDERS

The 1951 Roosevelt football team, coached by Al Gowans and the new assistant, Toi Jambeck, suffered one of the worst seasons in many years. They ended the season with one win and six losses. Led by co-captains Phil Nelson and Dick Christianson, the Teds looked like quite a formidable club by playing a scoreless quarter against Central in the newly added Football Preview at the Parade Stadium. The Teds lost their first game to North, but came back with a win against Vocational when Lint Levin ran 84 yards for a touchdown and the win. After their initial win, the Teds dropped successive games to South, West, Edison, Henry, and also lost their homecoming game to Washburn, 13-0. A lineman-of-the-week award went to Dick Christianson for his play against Vocational.

Halfback Lint Levin is shown skirting right end very effectively against North.



Roosevelt's most valuable player, Gordy Kolstad, is caught diving through the air to stop a Washburn runner.

Munching their popcorn and hoping for a Teddie victory are Mr. Lammers, Mr. Swadner, Mr. Buckman, and Mr. Baardseth.

PROSPECTS FOR 1952

Coach Al Gowans will be looking forward to his 1952 team which will have nine returning lettermen. These boys will be led by co-captains-elect Bob Long and Bob Johnson. Gowans should have a fairly strong backfield with seven boys returning, but he will need to strengthen his line as he has only two lettermen to bolster the line.

The "B" squad ended the season with a record of two wins and one defeat.

Sam Halron, active chemistry and physics teacher, has retired from his linemen's coaching job for the Roosevelt football team. He is being replaced by Toi Jambeck, gym teacher and swimming coach. Sam's Roosevelt coaching career started in 1933. In 1935 he led his team to a city and twin city championship. He was head coach from 1934 until 1937 when Al Gowans took over chief responsibilities.

Next year's co-captain Bob Long is shown out-running his South opponent.

HARRIERS TOPS IN CITY

Led by captain Jerry Sward and Saxe Roberts plus the coaching of Oscar Yngve, the Teddie Harriers kept up their brilliant record of past years. Other outstanding performers were returning lettermen Dick Mosley and Rog Wahl, who teamed up with Don Swanson, Don Hagen, Don Nelson, Don Swetala, Don Mueller, Jack Frantz, Rog Strand, and Bob MacDonald. Next year co-captains are Saxe Roberts and Don Swanson.

TEDS TAKE CITY MEET

With only three returning lettermen and the smallest squad in history, the 1951 cross country team ran away with the city meet and placed third in the state meet. Highlight of the season was the city meet when Roosevelt placed five in the eleven and eleven in first twenty-five. The junior sensation, Saxe Roberts, ran to a first place in the city meet. Captain Jerry Sward proved himself a capable team captain, and much of the credit for the good showing of the team, especially of those boys who were running their first year for Roosevelt, must go to his steadying influence in keeping runners together especially in the early meets of the season.

Captain Jerry Sward is shown pressing the leaders for a good position in the state meet.

CAGERS HAVE TALL CLUB

The Teddie cagers were led this year by co-captains Jerry Sward and Gordy Kolstad, plus seniors Al Schulz, Larry Nerheim, Jim Strong, Doug Olmstead, and Gordy Tronstad. Valuable assistance also came from juniors Paul Reinboldt and Ken Tronstad, and sophomore Jim Midtbo. The Teds looked good in their pre-season games while winning five out of their eight practice tilts. They also scrimmaged Hopkins, St. Paul Central, and Wayzata.

TEDS HAVE GOOD SEASON

Finishing with a record of six wins and four losses, Coach C. Wayne Courtney's boys wound up the regular season in fourth place. They won the first district game ever won by a Roosevelt team by defeating Edison 50-39, but lost to North 61-47. They had an over-all record of twelve wins and eight losses. Gordy Kolstad was second team all-city, and Paul Reinboldt and Ken Tronstad are next year's captains.

SKIERS SECOND IN CITY

This year's skiing team kept up the fine reputation of past years by placing second in the city and fifth in the state meets. The team was led by Bob Vevle and Arve Grimsmo who took firsts in the city. Roy Jacobson, Ron Sack, and Clarence Besmehn also helped the team this year by turning in fine performances.

The Teddie swimmers finished a terrific season by winning the city title with a record of eight wins and no losses. To add to their achievements they flashed to a third place in the state meet, following Hibbing and Rochester. Two firsts were taken by the Teds in the state meet. O'Neil Sween won the 100 yard back stroke title, and the 150 yard medley relay team, composed of Sween, Ron Botko, and Gordy Fox, also raced to a first place. Rog Hawke added two important points to the total of 21 for Roosevelt with a fifth in the fancy diving event. During city competition, Toi Jambeck's boys copped 54 events out of a possible 64, and held their opponents to 10 firsts.

GRAPPLERS TIE FOR TITLE

With city champions Norm Severson, Art Solie, Darwin Cunningham, Jerry Rademacher, and Rog Weisman leading the way, the 1952 wrestling team tied Washburn for the city championship. Their only loss was to Washburn. Roosevelt placed third in the regionals with co-captain Art Solie taking a first and Norm Severson, Jerry Rademacher, Bruce Youngquist, and co-captain Darwin Cunningham placing second. GYMNASTS INEXPERIENCED

According to Coach Ken Peterson, this year's Teddie gymnastic team didn't quite reach the heights they were capable of reaching. They were handicapped by having only three returning lettermen from last year's squad, due to the fact that some boys joined the armed forces and various other reasons. They had to work hard, and they finished the season placing second in the city meet, third in the northwest meet, and second in the state meet. Leading the squad were "C" class Gene Bannochie, who collected nine medals throughout the year,

HOPES HIGH FOR 1953

Under the new coaching of Mr. Moore the Teddie pucksters ended the season with a record of five wins and three losses, good enough for fourth place in city competition. The highlight of the season was the victory over West with the entire starting lineup sidelined with the flu. Although this year's team was only average for Roosevelt, big things are expected next year with only four lettermen graduating.

Dick Johnson, Bob Long, and Dave Leshovsky led the attack this year against their tough competition, although every one on the team turned in fine performances.

Highlights of the 1951 track season were the setting of a new city two mile relay record by Dick Mosley, Jim Pearson, Jerry Sward, and co-captain Neil Robertson, and the setting of a new school record in the 220 yard dash by co-captain Barry Bynell. Last year the Teddie trackmen ended sixth in city competition.

Coach Oscar Yngve has had a large turn out for track this year and the team has possibilities of bettering itself over last year. Stan Nelson and Lint Levin were elected co-captains of this year's team and will have the help of five returning lettermen.

1952 TEDS NEED PITCHING

The 1951 baseball team finished the season with a record of three wins and five losses. Eight lettermen graduated from this team, thus leaving eight boys with which to build the 1952 team. Coach C. Wayne Courtney believes that the 1952 team will lack experience in hitting and pitching, but this will improve as the season progresses. They have no returning lettermen on the pitching staff. Leading this year's team will be captain-elect Jim Strong, Dick Johnson, Phil Nelson, Keith Olsen, Gordy Kolstad, Ken Swenson, Larry Nerheim, and Dale Leshovsky. These boys are all returning lettermen. They will be out bidding for a top place in the league standings, while Washburn and Edison are the current favorites.

Row 1: Vevle, Long, Nelson, Kolstad, K. Olsen, Strong, D. Johnson, Leshovsky, Swenson, Nerheim, Roberts, Clough. **Row 2:** Armstrong, Dubisar, Winkler, B. Olson, Keeler, Theilmann, Pugsley, Tronstad, Thompson, Hansen, L. INTRAMURAL ACTIVITIES

Getting ready for their annual "R" club-teachers volleyball game are Botko, Mr. Jambeck, Mr. Peterson, and Weisman.

Once again intramural sports went over big at Roosevelt. Intramural sports give everybody in the school the chance to have some sort of recreation. In the fall there was an elimination of home rooms in football with room 113 coming out on top. Then another sport for the boys was wrestling with eleven boys being crowned champions.

Basketball soon followed with sophomore and junior homerooms competing. In the tenth grade, room 129 was the victor with room 127 taking the honors in the eleventh.

INTRAMURAL WRESTLING CHAMPS

Row 1: Fogelberg, Seaver, Born, Sundahl. **Row 2:** Cameron, Hawkins, Fredell, Mueller, Rademaker.

Seniors were not allowed to take part in home room games, but there is an All Nations tournament in which they can enter teams of any nationality.

Last but not least there is the annual "R" club-teachers volleyball game with teachers going for two straight wins.

Spending a great deal of time after and before school refereeing volleyball games, football games, and directing things are Mr. Peterson, Mr. Swadner, Miss Wilbur, and Miss Bjorkland.

INTRAMURAL FOOTBALL CHAMPS, 113

Row 1: Moore, Tronstad, Howe. **Row 2:** Wright, Nelson, Jesperson, Neuman.

VOLLEYBALL GOES OVER BIG

Probably the intramural sport that is most popular and attended by more Roosevelt students than any other sport carried on throughout the year is volleyball. There is a champion home room for each grade, with a playoff at the end of the season to determine the school champ. The sophomore titlist is room 126, with room 127 topping the field of juniors. The winner in the senior class is room 331. They defeated 321 by the score of 25 to 18 for the championship. The sophomores play the juniors with the winner meeting the seniors for the school championship.

Showing the spirited action of intramural volleyball is junior Janice Fox.

EQUIPMENT MANAGERS

Left to right: Stacy, K. Sherper, Stolte, Smieja, Anderson, K. Sherper, Frykholm, Mr. Riemenschneider.

There is a tournament for ping pong, tennis, and horseshoe. The school champ in ping pong is Jim Norman. In tennis there is one champ crowned for each grade. Horseshoe also has a champ from the sophomore and junior classes.

Once again the equipment managers did a fine job of handling the various equipment used by the Roosevelt athletes. Mr. Riemenschneider is constantly working in the equipment room, and he does an excellent job year after year.

PING PONG, TENNIS, HORSESHOE CHAMPS.

Row 1: Knudsen, Norman, Edmunds. **Row 2:** Erickson, Pearson, Arenz.

Row 1: Landstad, Parsons, Kalb, Berger, Boehme, Revsbeck, Sandvig. **Row 2:** Rae Wilbur, D. Wilson, Torgeson, Winquist, Strom, Olson, V. Wilson, Engberg, LaVerne Bjorklund. **Row 3:** Oexning, Ronneberg, Sperr, Sievers, Steen, Smith, Hayes, Jierree.

VARIETY IN GIRLS' SPORTS

The girls' gym classes are arranged to suit any interest. The sophomores take a general course which introduces them to soccer, basketball, baseball, and the other gym games. In eleventh and twelfth grades the girls have their choice of taking individual sports, team sports, folk dance, or modern dance classes. The girls in individual classes learn competitive sports such as tennis, badminton, bowling, and ping pong in which they rely upon themselves. Team sports emphasize the importance of teamwork, as in basketball, volleyball, and baseball. Modern dance is interpretative motion. This class can be taken for one or two years. In folk and square dancing the girls are taught many of the better known dances. After some weeks of study they plan one or two dances of their own.

BASKETBALL CHAMPS—MAD HATTERS

Maxine Olson, Mary Ocel, Bonnie Wedin, Audrey Pearson, Edith Thomsen.

BADMINTON TEAM

Front row: LaVerne Berger, Roberta Rasmussen.
Back row: Elsine Annis, Anna Bergstrom.

GIRLS HAVE FINE LEADERSHIP

LaVerne Bjorklund and Rae Wilbur are the teachers. They have about twenty girls who assist them with their classes. These gym leaders take a training course during the first semester of their junior year. The next two semesters they work with a class every day. Their duties consist of taking attendance, caring for equipment, and directing the class.

After school the girls engage in various sports. In the fall a tennis tournament is held. Later the girls furiously fight for a basketball championship. A badminton team and a swimming team have been formed, and they have meets with girls' teams from other schools.

This years' peppy cheerleading squad included Bev Johnson, Ruth Johnson, Shirley Holton, Joanie Rasmussen, Rog Hawke, Rollie Haynes, Bob Swanson, and Vern Schwarzkopf. Vern and Joanie will be back next year with the new cheerleaders Renee Gillian, Janice Fox, Pat Lind, Gary Williams, Jim Gaffney, and Tom Hughes.

A speedy soccer game is being enjoyed by the fourth period girls' gym class.

Girl swimmer, Miss I. C. Splash is warming up for a diving exhibition.

Male cheerleaders, Swanson, Hawke, Haynes, and Schwarzkopf, are showing their dominance over the females, Rasmussen, R. Johnson, B. Johnson, and Holton.

SHIRLEY OLSON

A happy group, indeed, is this 1952 Homecoming Court.

From left to right are: Beverly Johnson, Margo Fitzgerald, Gladys Smestad, Nancy Carlson, Queen Jean Lee, King Dick Hagen, Larry Nerheim, Rodney Nelson, Jerry Sward, and Buzz Lundblad.

HOMECOMING

Our homecoming this year was, indeed, a big success. Our king, Dick Hagen, and our queen, Jean Lee, ranked with the best ever, and the spirit that prevailed was tops. The day started off with a well-attended flag-raising. This event is traditional here at Roosevelt and always seems to be a good starter for such an exciting day. The identity of the king and the queen was not disclosed until the auditorium program held in the morning.

Our Queen Jean Lee did a wonderful job of presiding over the day's affairs. She, indeed, made a lovely and gracious Queen.

Shown below is a scene from our Homecoming Dance. The music was provided by our own Swing Band.

Miss Nelson crowns Jean Lee Homecoming Queen as the attendants Gladys Smestad and Nancy Carlson look on.

Larry Nerheim, one of the attendants, offers Dick Hagen congratulations upon his being crowned Homecoming King as Buzz Lundblad looks on. Miss Nelson is placing the robe on the King's shoulders.

The Homecoming King, Dick Hagen, smiles majestically at his admirers.

We were entertained by a guest impersonator, Burt Cunnington, twelve girl football players, the swing band, and a group of chorus girls called the Rockettes. The game in the afternoon with Washburn was a heartbreaker. Our boys gave out with all they had, but they came out on the wrong end, the score being 13-0. Even this disaster, however, did not dampen the spirit of homecoming. It seemed that everybody turned out for the dance in the evening. Everybody—the students, the faculty, and alumni—can say we had a wonderful homecoming.

The King and Queen are shown in their convertible during the half-time festivities in the football game with Washburn.

A gymnast, Roger Hawke, goes through his performance on the trampoline during the half-time festivities.

Giving out with a cheer we find our distinguished faculty members Mrs. Gossell, Mr. Johnson, Miss Haberman, Mr. Palmquist, Miss Bjorklund, Mr. Luke, Miss McGrath, and Mr. Haynes.

SPECIAL

Auditoriums and special days all go to making school life enjoyable. This year something new was initiated at Roosevelt. A Bow Tie Day for the boys and a Hair Ribbon Day for the girls were carried out very successfully. The boys had ties of every color and description. The men teachers, almost without fail, also entered into the gaiety of the day with their bow ties. The next day the girls came with their hair ribbons. It was really remarkable the high percentage of students who participated in these events.

We really had some exceptional talent at our auditoriums this year. At one auditorium, the faculty cheerleaders went through their paces. Our faculty at Roosevelt is always willing to do almost anything for the students. Almost every year some members of the faculty do some cheerleading for us, and the students certainly enjoy it.

Admiring the skeleton's wardrobe on Hair Ribbon Day are Donna Gustafson, Betty Byrnes, Janice Smith, and Sammy Elliot.

Showing the skeleton every sign of friendliness on Bow Tie Day are Jerry Sward, Bruce Dolmseth, Donald Moe, Dick Mosley, and Larry Nerheim.

Much dignity prevails as Donna Evers is crowned Lucia Queen by Governor C. Elmer Anderson.

Shown is a scene from an auditorium play. Left to right are: George Leverentz, Linton Levin, and Rollie Haynes.

EVENTS

Another traditional event at Roosevelt is the Winter Carnival. On this day, school is dismissed early, and a large percentage of the student body goes to Sibley Field to enjoy the day's events. First on the agenda is the crowning of the king. This year Bob Vessey reigned as king. Rodney Nelson, Darwin Cunningham, Buzz Lundblad, and Rod Blanchard were his attendants. The day's events included relay races, broom hockey, and figure skating. At night, a dance was held.

A new honor was bestowed on Roosevelt this year. One of our own students, Donna Evers, was chosen to represent the United States as Lucia in Sweden. All of the extra activities, such as those mentioned on this page, have been a very important part of school life here at Roosevelt.

The attendants smile happily at the new Winter Carnival King Bob Vessey. The attendants are Buzz Lundblad, Rod Blanchard, Rodney Nelson, and Darwin Cunningham.

I REMEMBER MAMA

Almost everyone is familiar with the story of "I Remember Mama," the fall class play. The play centered around the many amusing everyday events in the life of the entire Hanson family. Included among the incidents were Dagmar's visit to the hospital and Aunt Trina's courtship. The cast of characters was well chosen, and the entire play was under the direction of Mrs. Paetz.

The Hanson family listens attentively as Mr. Hyde reads them a story.

Bottom: Jierre, Libby, D. Larson. **Seated:** B. Johnson, Hagen, Gelinas, R. Nelson, Steen.

The Hanson family watches the tragic departure of Dagmar to the hospital.

Seated: C. Johnson, B. Johnson, Hollingsworth. **Standing:** D. Peterson, Rovick, Smestad, R. Smith, LeVoir, Hagen.

BERKELEY SQUARE

"Berkeley Square," the spring class play, is a dramatic fantasy. Peter Standish was a twentieth century man who was fascinated by the past. As a result, he was transported in time back to the eighteenth century where he was supposed to live the life of a Peter Standish of that time. He could not fit his emotions to the eighteenth century Peter's life and fell hopelessly in love with the sister of the girl he was supposed to marry. Since they couldn't change what had already happened, the lover had to return to his own time.

SENIOR

The long awaited day is here. The day that we've looked forward to for so many years, Graduation Day, is finally upon us. We haven't reached this day without a lot of work mingled with many happy memories. When we first entered high school, we felt lost and out of place. Over the past three years, though, we have made a place for ourselves among our fellow students. There are some of us who will be remembered for our pretty hair while others will be remembered for our exceptional talent. Graduation day is an important day to all of us, and one of the biggest honors is to be chosen as a standout of the class. It isn't just the title, but what goes with it that counts. The feeling that your fellow students know and appreciate you and that they think enough of you to bestow on you a title is a real thrill.

Little needs to be said about these four. Patricia Mortenson and Tom Gaffney have the prettiest eyes while Joan Clemente and Dick Doty have the prettiest hair.

A happy pair, indeed, they should be. They are the best all a ound Marion Ronneberg and Jerry Sward.

Having the best figure and physique and being the best athletes have brought these four fame at Roosevelt. They are Jack Tourtillotte, Janice Smith, Harriet Gradin, and Gordy Kokstad.

Cutest and friendliest ably describe these three. They are Margo Fitzgerald, Darwin Cunningham, and Jean Lee. Rodney Nelson was absent from school the day the picture was taken.

STANDOUTS

On these pages are our standouts of this 1952 senior class. We have such a grand class that each senior could rightly hold some type of title. These students, however, are the ones chosen by their fellow students to represent their class. There are the best all-around students, Marion Ronneberg and Jerry Sward. They were both good students and also very active in extra curricular activities. Then there was Gladys Smestad who received the two honors of being the outstanding student and the one who contributed the most to the school.

Although we are all excited at the prospect of getting out of school and being on our own, we will soon be lonesome for the good old school days and all that goes with it.

Always full of life and fun are these four students. The peppiest Rollie Haynes and Ruth Johnson peer over the shoulders of the wittiest Bob Vessey and Mary Ann Hoey.

Well known for being well dressed and being the best dancers are Larry Nerheim, Jane Davis, Beverly Brenner, and Jim Funk.

SENIOR EXECUTIVE BOARD

There are seventeen members on the Senior Executive Board this year, one member from every senior home room. The president, Lint Levin, was elected at large, but the other officers are elected from and by the Executive Board. The board plans senior activities, such as the banquet, with the help of their advisers, Mr. Courtney and Mr. Lobdell.

Bruce Youngquist, Rod Blanchard, and Marion Ronneberg, looking very determined, are planning some senior activities.

SCHOOL ACTIVITIES

This has been another busy year at Roosevelt. We came back to school in September, fresh from our vacation, looking forward to a year of learning and fun. All fall we went to the football games, making good use of our cheers. Then came November and "I Remember Mama." In December we saw "Why the Chimes Rang," the Christmas play. We came back after Christmas vacation to share our time and interests between basketball, swimming, wrestling, and hockey. In January we all took a day off for the Winter Carnival and went to Sibley Field to have a good time. March brought spring and track practice. That's the time to be careful on second floor after school. The seniors take over in April, May, and June with their graduation plans. Their caps, gowns, and corsages have to be chosen, and the Senior Banquet and Prom must be planned for. The last week we get our Sagamores, and have all our friends sign them. Then comes senior class day and we wonder if we really want to leave Roosevelt after all. Finally, there will be graduation and we will leave Roosevelt, remembering all the good times we've had here.
